Dear election committee, dear Board members

Thank you for your mail. Please find attached my motivation letter.

Concerning your second question: I have served on the board of IMAGO in the past, a long time ago.

This was from 2008-9 till 2015, as general secretary, during two terms in the board, and that was many years ago. I have never been president of IMAGO.

I have also worked for IMAGO as from outside the board from 2015 till 2020 as General Secretary.

At this time I have no function anymore in Imago.

I would like to insist that for having a fruitful and representative election, as many members possible should be attending or represented. Then I would like you to focus on the motivation of the members to achieve this.

With my best regards

LPH
