WHAT'S GOING ON

VISIT THE ARRI BOOTH

Learn everything you need to know about ARRI's latest products and services

Visit ARRI to do hands-on testing of SkyPanel X, ALEXA 35, and more.

ARRI's booth highlights include the new SkyPanel X LED panel, along with ALEXA 35, ALEXA Mini LF, and TRINITY 2. ARRI Rental is showcasing its fleet of Monochrome cameras, along with exclusive lens offerings, including the HEROES lens collection. Visitors are invited to creatively engage with ARRI's products and accessories and do hands-on testing at the booth.

ARRI BIG SCREEN EXPERIENCE

Explore how talented filmmakers utilize ARRI lenses & Impression V Filters in their work

Join ARRI's live Impression V optic workshop to see the multitude of looks you can create by "tuning" ARRI Signature Primes.

Experience the unique look of ARRI Signature lenses & Impression V Filters on the big screen! Cinema Lens Product Specialist Art Adams will do a live presentation on how to creatively use ARRI lenses and Impression V filters. He will be joined by several cinematographers who will show their work using Impression V optics and speak about their experiences.

Find out how ARRI Impression V Filters give a vintage feel to Signature Prime and Zoom lenses—and how they incrementally shift the focus characteristics of the image, allowing a range of detuned looks to be created with one set of Signature lenses.

ARRI ACADEMY PRESENTS...

Specialist focus pulling with the ARRI Electronic Control System (ECS)

Explore new workflows with ARRI's ECS tools plus Cinefade and Focusbug systems.

Wednesday, November 15, 2023

2:30 – 3:30 p.m.

Seminar Room

CKK Jordanki Festival Center

Join this seminar to learn everything you need to know about the latest developments with ARRI's Electronic Control System! We'll be exploring the new features of SUP 2.1 for Hi-5, as well as demonstrating the new Cinefade system and how you can use the Focusbug CineRT system to pull off complex shots.

Presented by product specialist Sean Dooley, this session is targeting cinematographers and camera assistants, and will be practical in nature. Questions and feedback will be encouraged!

ARRI ACADEMY PRESENTS...

Shine a light on ARRI color science

The importance of gamut, spectrum, and color rendition for cameras and LED lights

Thursday, November 16, 2023

3:00 – 4:30 p.m.

Seminar Room

CKK Jordanki Festival Center

The new SkyPanel X LED panel features ARRI's best lighting color science to date, enhancing skin tones and achieving deep color reproduction. The fixture's six-color light engine offers enhanced gamut, color rendition, dynamic CCT

range, and superior dimming qualities.

During the seminar, ARRI color specialists Harald Brendel (R&D Camera

Systems) and Regine Kraemer (R&D Lighting) will explain the importance and

relationship of these colorimetric quantities, the potential of six-color vs. four-

color light engines, and their support of ALEXA or AMIRA camera systems. In 90

insightful minutes, participants will learn how ARRI's advanced color science

leads to exceptional color quality for both LED luminaires and camera systems.

31. INTERNATIONAL FILM FESTIVAL
11-18 NOVEMBER 2023
TORUŃ, KUJAWSKO-POMORSKIE, POLAND

REGARDING ABSENCE FROM CAMERIMAGE 2023

Dear Member Societies and Sponsors,

For the second consecutive year, IMAGO will regrettably be absent from the Camerimage Festival. Please understand that this absence was not a choice made by IMAGO. We had planned to attend and schedule joint activities with some of our sponsors and committees. However, the festival made the decision due to concerns about the compliance of the Russian society (RGC), as an IMAGO member, with Polish government guidelines. In light of these circumstances, IMAGO's General Assembly maintains its sovereignty, and the Board and I adhere to its majority decisions.

Regarding RGC's membership, the decision not to expel RGC was determined by a democratic vote at IMAGO's Extraordinary General Assembly 2023. Despite requiring a two-thirds majority for expulsion, the vote received less than 50% support, thus reflecting our member societies' collective will. Accordingly, RGC remains de facto suspended, in compliance with EU embargo guidelines.

We wish to reiterate our status as a non-political organization. Being registered and based in Belgium, we ensure full compliance with all EU laws and embargoes.

Mustapha Barat ABC
IMAGO President and the IMAGO Board
